While the data has been validated and is considered final, the reports are considered DRAFT until our review is completed. [REDACTED]

The "tox" reports include additional information (e.g. lab qualifiers, MDLs, QLs, RLs) to assist in the tox review which is not included in the residential reports. [REDACTED]

A glossary/key is included at the end of the residential data reports.

Please feel free to contact me with any questions and/or if you need additional info.
